VOTER GUIDE

August 4, 2022

Dear Williamson County Voter,

“Conservative” is the buzzword this election season. Everyone claims to be one, but who is the true conservative? In Williamson County, some of the *most conservative* candidates on the ballot are lifelong Republicans running as Independents. In the frenzy of mailers, attack ads, big money backers, and campaign rhetoric, how do you separate the true conservatives from the “Republicans-In-Name-Only” (RINOs)?

This voter guide is based on 25 years of extensive research, candidate questionnaires, social media dives, voting records, and in the cases of a “WF” endorsement, intensive in-person interviews.

This **Voter Guide** will help you cut through the rhetoric to identify the true conservatives that will:

- Stand against mask mandates, in schools and otherwise.
- Remove political ideology from our classrooms.
- Honor parental rights.
- Fight to maintain low taxes.
- Make conservative fiscal policy.
- Foster a pro-business, pro-jobs environment.
- Protect religious liberty and Judeo-Christian values.
- Uphold our founding principles & State/Federal Constitution.
- Stand against unlawful federal government mandates.
- Preserve the charm and character of Williamson County.
- Ensure our county is a safe place to raise a family.
- Keep our county a premier place to live.
