MAYOR OF FRANKLIN

ALDERMAN-AT-LARGE A • ALDERMAN-AT-LARGE B
ALDERMAN-AT-LARGE C • ALDERMAN-AT-LARGE D

Helping you vote for, not against, your values.

Dear Franklin Neighbor,

It is of crucial importance to note that the below list of issues for this city election did not exist four years ago. If we do not change who leads our city, Franklin will be unrecognizable in four more years.

During the last 4 years...

Our constitutional rights were infringed upon when Mayor Ken Moore instituted city-wide **mask mandates**, expressed regret over lifting them, and threatened to close local businesses for “noncompliance.”

The LGBTQ+ agenda is on the rise as Mayor Moore, self-described as “purple”, cast the tie-breaking vote to permit the third year of a **Pride Fest** that featured sexually explicit drag performances to children in years prior. He also declared June 4, 2022, to be “**Franklin Pride Day**” in a public proclamation delivered by **Alderman Brandy Blanton**. The Pride agenda is present at all city festivals, including the 2022 **Franklin Christmas Parade** when Pride materials were placed directly into the hands of hundreds of children without parental consent.

Judeo-Christian values are under attack. Under Mayor Moore’s watch, a Christian man was **arrested** at the June 2023 Franklin Pride event for wearing a Jesus t-shirt and praying in public. A May 2023 **arrest order** for Christians holding a prayer vigil in our downtown square was withdrawn at the last minute thanks to media attention. In 2022, Mayor Moore’s administration also **targeted** the downtown Franklin **5 Stones Church** for hostile downzoning in a stunning display of government overreach.

Racial division, rather than unity, is on the rise in our city through the politicization of Franklin’s annual Juneteenth Festival and the introduction of “**Racial Terror Markers**,” a pet project of Mayor Moore’s, to be prominently displayed in our downtown square and elsewhere that graphically describe **murders, lynch mobs, the raping of children, “racially motivated terror killings,”** and **multiple hangings** around the city of Franklin.

Large sections of Franklin’s rural landscapes have disappeared forever in favor of high-density housing developments and apartment complexes. Our county has the sixth highest population density in Tennessee, and we need a leader who will tap the brakes on over-development before our historic city becomes unrecognizable.

Conservatives have watched with horror the gradual and then precipitous decline of “blue cities” across our nation. **We must stand up to halt Franklin’s decline** before we become the latest one.

This voter guide is the product of collaboration between Williamson Families (WF) and The Tennessee Voter Guide. It is based on over 25 years of extensive research, candidate questionnaires, background checks, voting records, and in the cases of a “WF” endorsement, intensive in-person interviews.

This **Voter Guide** will help you cut through the rhetoric, propaganda, fierce opposition attacks, and biased media coverage to identify the true conservatives that will:

- Protect religious liberty and Judeo-Christian values.
- Stand against unlawful federal government mandates, including masking.
- Stand against the radical LGBTQ+ agenda.
- Vow to not raise taxes on homeowners and small businesses.
- Protect our children from inappropriate displays on city grounds.
- Ensure our city is a safe place to raise a family.
- Inspire unity and healing, rather than racial division.
- Make conservative fiscal policy and practice transparent accountability.
- Foster an environment where businesses thrive.
- Remain true to our founding principles and State/Federal Constitution.
- Keep global surveillance and equity initiatives out of Franklin.
- Preserve the charm and character of Franklin.
- Keep our city true to what makes it a top destination for blue “Blue State Refugees.”
